Summary of Conclusions

Policy:

1. The Principals reaffirmed the current U.S. strategy on Bosnia, agreeing to press forward with our efforts aimed at maximizing pressure on the Bosnian Serbs to accept the Contact Group proposal. In addition to encouraging Milosevic's steps to isolate the Bosnian Serbs with limited sanctions relief, we will make an all-out effort to implement the disincentives agreed earlier by the Contact Group, in particular to carry out air strikes in response to violations of the exclusion zones. ~~(S)~~

Lifting the Arms Embargo:

2. The Principals reviewed the preliminary results of the interagency study on options for lifting the arms embargo and directed that planning continue, pointing to completion of a detailed planning document by DoD. Outstanding issues with alternatives and specific options should be promptly identified for subsequent Principal's consideration. Action: Joint Staff and OSD.

3. The Principals requested an operational and legal analysis of the impact of the Nunn language on NATO operations in the Balkans. Action: Joint Staff.

Sanctions:

4. The Principals confirmed current U.S. strategy to proceed with sanctions resolutions as discussed by the Contact Group in Geneva, but stressed the importance of early and thorough interagency coordination. Action: NSC and State.

5. The Principals agreed the U.S. should participate in the ICFY sanctions monitoring mission by providing personnel and resources. Action: OVP prepare options.

6. The Principals affirmed the importance of maintaining the effectiveness of the existing sanctions regime, but recognized the necessity not to appear to be tightening sanctions on Serbia at this time. Action: OVP to develop initiatives for improving the enforcement of existing sanctions.

7. The Principals decided that the U.S. should not present specific proposals on additional sanctions relief in return for additional steps by the FRY at this time, pending creation of an acceptable border monitoring regime and implementation of "phase 1" sanctions relief.
